## **ABOUT THIS PACK**

This teaching resource pack has been handpicked by the Teach Starter team to include a range of resources that can be completed at home by children with the assistance of their parents or guardians.

The pack includes resources covering the key learning areas of English, Maths and Science, along with some additional craft and mindfulness activities - all for free!

In the rare event of a school closure or if a student needs to work remotely, this pack can be sent home with students or passed on directly to parents and guardians digitally to allow for students to complete the work with minimal preparation and supervision.

The pack is designed to allow for non-teachers to understand and implement the activities in a home environment without requiring additional resources found in a classroom. The pack can be completed digitally on a tablet/iPad or with pen and paper when printed.

### **For Teachers**

#### **Can I share this pack with parents, students and other teachers?**

Of course! This pack has been created specifically for this purpose. Please feel free to share this pack digitally with your students, their parents or guardians, or other teachers.

You can share by copying the URL in the address bar of your browser, or simply clicking on the envelope icon above to send to an email address. You can also download the pack, and email the PDF document itself.

Please feel free to bundle this pack with your own home learning activities to extend or reinforce particular concepts for your students. You may also like to add specific activities such as reading, outdoor play, fine motor skills etc.

### **For Parents**

#### **How can I teach my child if their school closes?**

By downloading this free resource pack, you will be equipped with a wide range of activities to share with your child while their school is closed.

We have ensured that this pack can be delivered by non-teachers by providing a helpful table of contents and activity overviews. All activities are age-appropriate and most will relate to work that your child has experienced in the classroom.

The activities can be completed in any order and have been selected to allow parents and guardians to easily implement them.

# Jack and the Beanstalk

Once upon a time there was a boy called Jack. He lived with his mother. They were very poor. The only thing that they owned was a cow.

One morning, Jack's mother told Jack to take their cow to market and sell her for money. On the way to the market, Jack met a man. The man asked Jack if he would sell the cow for some magic beans. Jack took the beans for the cow and went back home. When Jack's mother saw the beans, she was very angry. She was so cross that she threw the beans out of the window.

The next morning, Jack looked out of the window. He saw a giant beanstalk. He went outside and started to climb the tall beanstalk. He climbed up and up to the sky and through the clouds. Above the clouds, Jack saw a beautiful castle. He went into the castle. Then, Jack heard a loud voice. It was the voice of an enormous giant. Jack felt scared.

"Fee, Fi, Fo, Fum!" said the giant.

Jack ran into a cupboard to hide. The big giant came into the room and sat down. On the table there was a hen and a golden harp.

"Lay!" said the giant. The hen laid an egg. It was made of gold.

"Sing!" said the giant. The harp began to sing.

After a little while, the giant fell asleep. Jack jumped out of the cupboard. He thought that his mother would like the magic hen and the magic harp. So, he took the hen and the harp.

Suddenly, the harp sang, "Help, master!" The giant woke up and shouted, "Fee, Fi, Fo, Fum!"

Jack ran and started climbing down the beanstalk. The giant came down after him.

"Mother, help!" Jack shouted.

Jack's mother took an axe and chopped down the beanstalk. The giant fell and crashed to the ground. With the golden eggs and the magic harp, Jack and his mother lived happily ever after.
